

REMARKS

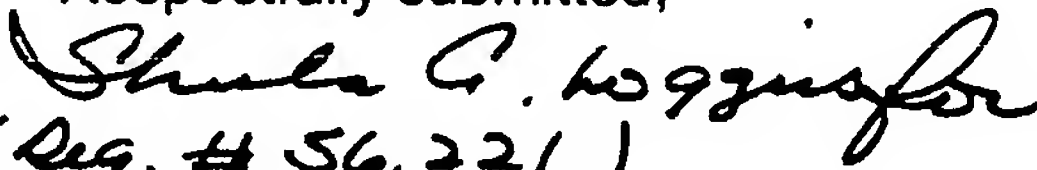

Claims 1-25 are the only claims pending. Original claims 1-24 are currently amended to eliminate multiple ranges, use of terminology, to eliminate multiple dependencies, and to otherwise be more clear. Support for the amendment to claim 1 is located in Application Examples 1-4.

Claim 15 is further amended to correct a typographical error; the term "alkyl" is changed to "aryl". Support for this change is located on page 19 lines 10-14 of the specification.

No new matter has been added.

Applicants aver that the claims are now in better form for examination. An Action on the merits of the claims is respectfully awaited. In the event that minor amendments will further prosecution, applicants request that the examiner contact the undersigned representative.
